

Summer Reading Suggestions 2008
Attleboro Public Schools

Reading

Rocks!

By the end of third and fourth grades, students need to explore a variety of genres. Through this exploration, students will discover their reading likes and dislikes. When students find out what they really enjoy reading. Chances are they will read more; the more students read, the better they read!

We hope that students and parents will discover other books by these authors. Most titles are at the Attleboro Public Library. If not, they may be available from other area libraries through the SAILS System. Visit the Attleboro Public Library (APL) or call the APL 222-7820 for assistance.
